

R LADIES ANKARA - DİJİTAL LAB MÜLKİYE

25-26 SEPTEMBER 2021

Data Visualization -ggplot2 and beyond-

#MAIN OBJECTIVE

This `as.integer(2)` day (4 Hours) online `as.character("R")` lecture series is designed to introduce the basic features of `ggplot2` package and related toolkits for data visualization.

#DAILY SCHEDULE

DAY 1, 25 September 19:00-21:00

– *Why do we need good looking plots ?*

DURATION <- 2 HOURS # 1*(10 MIN) BREAK

- Key elements of `ggplot2` package
- Grammar of graphics and main features of `ggplot2`
- Different examples and use of “esquisse”

DAY 2, 26 September, 19:00-21:00

– *Beyond `ggplot2`, different extensions as toolkits*

DURATION <- 2 HOURS # 1*(10 MIN) BREAK

- Other extensions
- Static or dynamic visuals
- `ggplot`-based packages

#INSTRUCTOR **Dr. Ozan Evkaya**, (Postdoc Researcher, University of Padova)
